

Consent Data transfer

Yes, I would like to receive regularly interesting offers by post, email, SMS and telephone and I agree that the data given by me to PaySelect GmbH (telephone number, address, date of birth, contract implementation data) and by my use of the Internet pages of PaySelect GmbH data collected for information, market research and, in particular, also for external advertising purposes via its own products and services to contractually linked external companies.

As far as data is passed on to these companies so that they can use the data for their own advertising purposes, you have to rely primarily on the following offers:

- Financing offers
- Financial services
- Products to improve personal liquidity
- lottery syndicates
- Distribution of magazines
- Products of daily life

I have been informed that a contract with PaySelect GmbH does not depend on the granting of this consent. I am aware that I can revoke this consent at any time to PaySelect GmbH informally at the e-mail address Widerruf@payselect.de.
